

EBX Certification Brochure Program For Partners

Objectives

Customers using the EBX product often need the services of partners of Orchestra Networks to build their EBX applications.

This brochure describes a certification program intended to let:

- A customer trust selected knowledge and skills of a partner,
- A partner highlight selected knowledge and skills to a customer.

This program is composed of certifications which can be taken by a partner, willing to be candidate.

The selected knowledge and skills span according to the level and the content domain of the considered certification.

Certifications

EBX Bronze Certification

EBX Silver Certification

EBX Gold Certification

Process

To take a certification, a partner has to follow these steps:

1. Browsing the certification website for information.
2. Meeting the requested number of EBX certified individuals.
3. Meeting the requested number of EBX application realizations.
4. Providing Orchestra Networks with a description of realizations.
5. If passed, receiving the certificate within the 2 following weeks.
6. Requesting Orchestra Networks certificate upgrades as needed.

Confidentiality

- Orchestra Networks may not publish any certificate of a partner to anyone, unless authorized by the partner.
- A partner may publish any of his certificates to anyone, in particular to any customer.
- Anyone, in particular any customer, may request Orchestra Networks to authenticate any certificate of a partner.
